Progressive Discipline Policy

The Town of Fair Haven has adopted a progressive discipline policy to identify and address employee and employment related problems. This policy applies to any and all employee conduct that the Selectboard, in its sole discretion, determines must be addressed by discipline.

Most often employee conduct that warrants discipline results from unacceptable behavior, or violation of the Town's policies, practices or procedures. However, discipline may be issued for conduct that falls outside of those identified areas. Equally important, the Town need not resort to progressive discipline, but may take whatever action it deems necessary to address the issue at hand. This may mean that more or less severe discipline, up to and including termination, maybe imposed in a given situation. Violations of different rules may be treated as repeated violations of the same rule for purposes of progressive discipline.

Probationary employees are not subject to this progressive discipline policy.

The Town will normally adhere to the folio-wing progressive disciplinary process, but reserves the right to deviate from this process when it determines, in its own discretion, that deviation from the process is warranted:

1. Verbal Warning: An employee may be given a verbal warning when he or she engages in problematic behavior. As the first step in the progressive discipline policy, a verbal warning is meant to alert the employee that a problem may exist or that one has been identified, which must be addressed. Verbal warnings will be documented and maintained in the employee's personnel file by the Selectboard, Town Manger, Department Head.
2. Written Warning: A written warning is more serious than a verbal warning. A written warning may be given when an employee engages in conduct that justifies a written warning or the employee engages in unacceptable behavior during the period that a verbal warning is in effect.
3. Suspension: A suspension without pay is more serious than a written warning. An employee may be suspended when he or she engages in conduct that justifies a suspension or the employee engages in unacceptable behavior during the period that a written warning is in effect. An employee's suspension will be documented regardless of the length of the suspension issued.
4. Termination: An employee will be terminated when he or she engages in conduct that justifies termination.

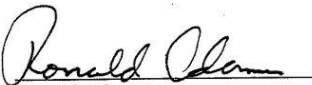

Again, while the Town will generally take disciplinary action in a progressive manner, it reserves the right, in its sole discretion, to decide whether and what disciplinary action will be taken in a given situation.

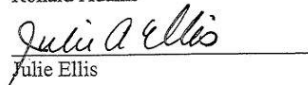

Employees are prohibited from engaging in conduct listed below and may receive discipline up to and including termination for doing so. This list has been established to serve as examples of behavior that could warrant a range of disciplinary sanctions. Appropriate levels of discipline may be based on the severity of employee behavior. This list is not exhaustive.

- Being inattentive to duty, including sleeping on the job.
